Oct 2011				

The 2007 Le Piane is once again terrific. This dazzling red literally explodes onto the palate. Sweet red berries, rose petals, mint and mountain herbs are just some of the nuances that take shape in the glass. The warm vintage has given the wine a little more body than normal without overpowering the weightless, elegant style readers who know these wines are familiar with. The 2007 shows crystalline purity and fabulous balance from start to finish. It is a superb showing from proprietor Christoph Kunzli. Anticipated maturity: 2014-2027.

Northern Piedmont is an excellent source for Nebbiolo-based wines that are quite different from those made in the Langhe.
